Action Taken Report of the Institution on Feedback

Academic year 2021-2022

This organization is affiliated to JNTUA, Anantapur and the college academic curriculum is designed by the Board of Studies in the University. Board of Studies designs curriculum by taking suggestions and remarks from the affiliated colleges through conducting meetings with the Principals (of the affiliated colleges) before preparing the Blueprint of curriculum.

However, institution obtains feedback on the curriculum design and development from various stakeholders. The feedback is collated and analyzed at College academic meetings in the institution. Based on feedback requirement, institutions plan to arrange training programs both by Academicians and Industry experts. Coordination is well maintained between the theory classes and the lab activities. Industrial visits are arranged to enrich the education. Mock interview sessions are arranged for getting placements. Ethics is introduced to improve their behavioral skills.

Instead of mere collating of the information even though obtained from the experts, required suggestions and remarks about curriculum are conveyed by the Principal to the University through attending meetings in the University and it is made perfect to suit the students - instead of mere gathering of information so that it can enhance the ability of the students to think innovatively.
