SVCN NSS Unit "AMRIT KALASH YATRA" -(06.10.23)

The Amrit Kalash Yatra is a part of the Meri Maati Mera Desh campaign, which is a tribute to the heroic individuals who have sacrificed their lives for the nation as part of the Azadi Ka Amrit Mahotsav, a celebration of 75 years of independence. The Amrit Kalash Yatra involves the collection of soil and rice grains from over 6 lakh villages in rural areas and from wards in urban areas. This collected material is then sent to the block level, where the soil from all villages in the block is mixed.

Around 50 NSS volunteers have participated in the event of collecting soil and grains from various villages of near by our Mandal and made block level mixtures. In this program Dr.V.Anil Kumar , Principal SVCN, Mr. P Ravi Kumar, NSS Program Officer & other faculty members have actively participated in the program and shared their knowledge about amrit kalash yatra and the importance of "Meri Maati Mera Desh" campaign. The journey was started from campus with a key note by the Principal and the program ended delightfully.

SVCN NSS Unit "AMRIT VATIKAS OF SAPLINGS"-10.10.2023

SVCN College NSS volunteers, led by Principal Dr. V. Anil Kumar, have recently organized a **Tree Plantation Program** at our college campus. This green initiative wasn't just about planting saplings, it was a resounding message about shared responsibility for our environment. Native and climate-appropriate saplings were carefully selected, (like Guava Tree Saplings, Prunus dulcis etc.,) reflecting the dedication to sustainability and biodiversity. Dr.V. Anil Kumar's presence and inspirational address underscored the importance of these efforts in creating a greener future.

On the appointed day, students, faculty, and staff gathered with enthusiasm, ready to roll up their sleeves and make a positive impact. Under the guidance of experienced NSS volunteers, teams worked diligently to plant saplings across designated areas on the campus. The participants learned the proper techniques to ensure the saplings' growth and survival, emphasizing the role of individual plays a vital in environmental preservation.
